GitHub

GITHUB REPOSITORY

- We use GitHub repository to deal with the version control issue.

- We think the GitHub repository is a useful software which allows developers to keep track of the constant revisions to the code.

- What's more, GitHub hosts the source code projects in a variety of different programming languages and keeps track of the various changes made to every iteration.

- 4 / 5 stars

Slack

- Project communication
- Used to organize meetings
- 3.5 / 5 stars

Google Drive

- Edit the files such as milestone pdf document, the presentation slides, etc.
- 4 / 5 stars

Waterfall

- linear design process
- decided on idea, wrote code, then tested
